Carl Launches Candidacy for County Recorder *Responding to Call for More Integrity in County Governance*

Anne Carl is launching her campaign to become Cochise County's next Recorder.

A Recorder has two main responsibilities: caring for and cataloging many of the community's most important documents, safely storing them and making them easy to find; and ensuring that the county has reliable, transparent and lawful elections.

Carl is running on an "Integrity Matters" platform, promising to comply with all laws and regulations, and ensuring that all businesses and individuals get the services they expect and pay for. She will earn trust, save money, and address fraud.

According to Carl, "I am committed to bringing more integrity and competence to this office. Our County has spent over \$300,000 (and counting) on foolish, election-related lawsuits. All of us are tired of the drama and know we can do better."

Carl's campaign launched with a kick-off event in Sierra Vista that had over 75 attendees. Her campaign has attracted many volunteers and the attention of those who are looking for more non-partisan and trustworthy leadership of this office.

Carl has lived in Cochise County for 20 years and in AZ since 1989. She has worked as a teacher, a community organizer, and an attorney, including working for the Cochise County Attorney's Office representing the offices of the Recorder and Elections.

###

Anne Carl is a candidate for Cochise County Recorder. Anne promises to do the job with competence, leaving politics out of it and without wasting taxpayer money.
